Use as an assorted Warewasher...
Accessory No. 30035, 15-place insert for saucers and/or small plates
Accessory No. 30026 Cutlery Holder

... or as a Glasswasher
Accessory No. 30132, 9-place insert for glass ware
Note: Optional accessory No. 30133, 16-place insert for glass ware

... or as a Dishwasher
Accessory No. 30037, 6-place insert for plates up to 10 1/2” in diameter

... or for blender containers
Accessory No. 30131, 4-place insert
PERFORMANCE FEATURES

• Completely automatic wash and rinse cycles including one wash program at 150°F (65°C) and one rinse program at 185°F (85°C).

• Hourly production: 20 racks of various items OR depending on rack insert used, the following quantities can be washed and rinsed:
  - 4-place insert for Blender Containers - 60 / hr.
  - 9-place insert for Glassware - 180 / hr.
  - 16-place insert for Glassware - 320 / hr.
  - 6-place insert for Dishes - 120 / hr.

• Built-in automatic detergent pump for consistent results each time

• Built-in automatic rinse-additive pump for sparkling final results

TECHNICAL FEATURES

• Rack capacity: 13.75" x 13.75" (350 mm x 350 mm)
• Complete operating cycle: 165 seconds wash and 15 seconds rinse

• Wash tank capacity: 2.1 U.S. gallons (8 litres)
• Wash tank element: 1400 watts (1.4 Kw)
• Wash temperature: 150°F (85°C)
• Booster capacity: 0.53 U.S. gallons (2.0 litres)
• Booster element: 1400 watts (1.4 Kw)
• Rinse (water) temperature: 185°F (85°C)
• Maximum power absorption: 1500 watts (1.5 Kw)
• Wash motor-pump: 100 watts
• Power supply: 110 Volt / 60 Hz (power cord with NEMA 5-20 plug included)

• Optional: 220 Volt / 50 Hz - Special Order
  (power cord and plug included)

• Amperage: Single phase - 13.5A
• Water consumption: 0.5 U.S. gallons per cycle (2.9 litres)
• Recommended pressure: 30 p.s.i. (dynamic)
• Water inlet connection: 3/4" male garden hose fitting (hose included)
• Drain connection: 1" ID hose connection (hose included)
• Shipping weight: 72 lbs (32.8 kg)

CONSTRUCTION FEATURES

• Body, external housing, wash tank, and all chassis components in brushed stainless steel 304 18/10

• Constructed of insulated double-walled panels for low heat and noise emissions

• Unique and compact size for easy placement on a counter top, stand or mobile cart

• Door opening is designed to accept items up to a maximum height of 11"

• Integrated stainless steel booster with insulated lining

• Full width interior scrap screens of durable stainless steel

• Internal screen for protection of motor-pump

• Safety micro-switch on the door to interrupt wash pump action

• Lower revolving wash and rinse arm with lateral upper fixed rinse arm built of fiberglass designed for maximum results and ease of maintenance

• Independently-operated heating elements alternating between the booster and wash tank

• Both alternating heating elements serve to reduce overall energy costs by lowering amperage consumption

• Thermostatic regulated control of both wash and rinse water

• Automatic fill and water level regulation of the wash tank

• Individual digital gauges for both wash and rinse temperatures

• Vertical integrated control panel for simple access and technical maintenance

ACCESSORIES

F-14 supplied with:
• (1) open rack - 13.75" x 13.75" (350 mm. X 350 mm.)
• (1) 4-place insert #30131 for blender containers
• (1) 9-place insert #30132 for glassware
• (1) 6-place insert #30037 for plates up to 10.5" diameter
• (1) 15-place insert #30035 for saucers and/or small plates
• (1) Cutlery holder #30026

• Optional:
  - 16-place insert #30133 for glassware
  - Drain water tempering kit
  - Pressure reducing valve (PRV) kit
